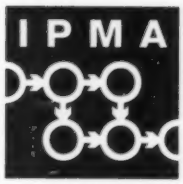
INTERNATIONAL JOURNAL OF
PROJECT MANAGEMENT



Index to Volume 13: 1995

Author

Abdul-Kadir, M R and Price, A D E Conceptual phase of construction projects 387
Ackermann, F see Williams, T
Adelson, R M see Scott, J N
Al-Arjani, A H Impact of cultural issues on the scheduling of housing maintenance in a Saudi Arabian urban project 373
Allen, W E Establishing some basic project-management body-of-knowledge concepts 77
Ayer, F L and Bahnmaier, W Toward a defense extension to the project-management body of knowledge 125
Bahnmaier, W see Ayer, F L
Betts, M and Lansley, P International Journal of Project Management: a review of the first ten years 207
Bradley, D N see Scott, J N
Britch, M Homes for the elderly review 363
Bryde, D J Establishing a project organization and a project-management process for telecommunications project management 25
Caron, F and Fiore, A 'Engineer to order' companies: how to integrate manufacturing and innovative processes 313
Chan W M see Ferguson, N S
Chapman, C B see Ward, S C
Chuah, K B, Rao Tummala, V M and Nkasu, M M Project management structures in Hong Kong industries 253
Cleland, D I Leadership and the project-management body of knowledge 83
Cox, M A A Simple normal approximation to the completion time distribution for a PERT network 265
Curling, D H Editorial 67
Curling, D H Introduction 69
Dawson, C W and Dawson, R J Generalised activity-on-the-node networks for managing uncertainty in projects 353
Dawson, R J see Dawson, C W
Duncan, W R Developing a project-management body-of-knowledge document: the US Project Management Institute's approach, 1983/94 89
Eden, C see Williams, T
Farrell, L M Feasibility analysis of artistic and cultural production projects 395
Ferguson, N S, Langford, D A and Chan W M Empirical study of tendering practice of Dutch municipalities for the procurement of civil-engineering contracts 157
Fiore, A see Caron, F
Fortune, J see Stewart, R W
Gong, D and Rowings Jr, J E Calculation of safe float use in risk-analysis-oriented network scheduling 187
Hastings, C Building the culture of organizational networking: managing projects in the new organization 259
Helbrough, B Computer assisted collaboration—the fourth dimension of project management? 329
Isaac, I Training in risk management 225
Jannadi, M O Impact of human relations on the safety of construction workers 383
Johns, T G Managing the behavior of people working in teams. Applying the project-management method 33
Yeo, K T Strategy for risk management through problem framing in technology acquisition 219
Kayes, P How ICL used project management techniques to introduce a new product range 321
Langford, D A see Ferguson, N S
Lansley, P see Betts, M
Liles, D H see Sarkis, J
Lim, E C and Alum, J Construction productivity: issues encountered by contractors in Singapore 51
Low Sui Pheng Lao Tzu's Tao Te Ching and its relevance to project leadership in construction 295
Munns, A K Potential influence of trust on the successful completion of a project 19
Neal, R A Project definition: the soft-systems approach 5
Nkasu, M M see Chuah, K B
Ono P. M. P., D Upgrading skills using the US Project Management Institute body of knowledge 137
Payne, J H Management of multiple simultaneous projects: a state-of-the-art review 163
Pengelly, M see Scott, J N
Pharro, R Addendum: Project Management Capability Test 99
Pillai, A S and Tiwari, A K Enhanced PERT for programme analysis, control and evaluation: PACE 39
Price, A D E see Abdul-Kadir, M R
Rao Tummala, V M see Chuah, K B
Reiss, G Timeline for Windows Version 6 198
Rowings Jr, J E see Gong, D
Russell-Hodge, J Total project management: the customer-led organisation 11
Sarkis, J and Liles, D H Using IDEF and QFD to develop an organizational decision support methodology for the strategic justification of computer-integrated technologies 177
Schneider, A Project management in international teams: instruments for improving cooperation 247
Scott, J N, Bradley, D N, Adelson, R M, Pengelly, M and Seward, D W Issues in the development of data flow simulation of construction sites: the pursuit of quality 335
Seward, D W see Scott, J N
Shtub, A Distributed database for project control 173
Stewart, R W and Fortune, J Application of systems thinking to the identification, avoidance and prevention of risk 279
Stretton, A Australian competency standards 119
Sunde, L and Lichtenberg, S Net-present-value cost/time tradeoff 45
Tait, A see Williams, T
Tam, C M Features of power industries in Southeast Asia. Study of build operate transfer power projects in China 303
Tiwari, A K see **Pillai, A S**
Tryloff, D E see Wirth, I
Tsoukanas, A Exploiting established sources for cost-effective training 129
Turner, J. R. Editorial 3, 143, 351
Walta, H Dutch project-management body-of-knowledge policy 101
Ward, S C and Chapman, C B Risk-management perspective on the project lifecycle 145
Wateridge, J IT projects: a basis for success 169
Wideman, R M Criteria for a project-management body of knowledge 71
Williams, T, Eden, C, Ackermann, F and Tait, A Vicious circles of parallelism 151
Willis, B E APM project-management body of knowledge: the European view 95
Wirth, I and Tryloff, D E Preliminary comparison of six efforts to document the project-management body of knowledge 109
Woodward, D G Use of sensitivity analysis in build/own/operate/transfer project evaluation 239
Yeo, K T Planning and learning in major infrastructure development: systems perspectives 287
Zhi, He Risk management for overseas construction projects 231

Title

APM project-management body of knowledge: the European view **Willis, B E** 95
Addendum: Project Management Capability Test **Pharro, R** 99
Application of systems thinking to the identification, avoidance and prevention of risk **Stewart, R W and Fortune, J** 279
Australian competency standards **Stretton, A** 119

Building the culture of organizational networking: managing projects in the new organization **Hastings, C** 259
Calculation of safe float use in risk-analysis-oriented network scheduling **Gong, D and Rowings Jr, J E** 187
Computer assisted collaboration—the fourth dimension of project management? **Helbrough, B** 329
Conceptual phase of construction projects **Abdul-Kadir, M R and Price, A D E** 387
Construction productivity: issues encountered by contractors in Singapore **Lim, E C and Alum, J** 51
Criteria for a project-management body of knowledge **Wideman, R M** 71
Developing a project-management body-of-knowledge document: the US Project Management Institute's approach, 1983/94 **Duncan, W R** 89
Distributed database for project control **Shtub, A** 173
Dutch project-management body-of-knowledge policy **Walta, H** 101
Editorial **Curling, D H** 67
Editorial **Turner, J. R.** 3, 143, 351
Empirical study of tendering practice of Dutch municipalities for the procurement of civil-engineering contracts **Ferguson, N S, Langford, D A and Chan W M** 157
'Engineer to order' companies: how to integrate manufacturing and innovative processes **Caron, F and Fiore, A** 313
Enhanced PERT for programme analysis, control and evaluation: PACE **Pillai, A S and Tiwari, A K** 39
Establishing a project organization and a project-management process for telecommunications project management **Bryde, D J** 25
Establishing some basic project-management body-of-knowledge concepts **Allen, W E** 77
Exploiting established sources for cost-effective training **Tsoukanas, A** 129
Feasibility analysis of artistic and cultural production projects **Farrell, L M** 395
Features of power industries in Southeast Asia. Study of build operate/transfer power projects in China **Tam, C M** 303
Generalised activity-on-the-node networks for managing uncertainty in projects **Dawson, C W and Dawson, R J** 353
Homes for the elderly review **Britch, M** 363
How ICL used project management techniques to introduce a new product range **Kayes, P** 321
Impact of cultural issues on the scheduling of housing maintenance in a Saudi Arabian urban project **A H Al-Arjani** 373
Impact of human relations on the safety of construction workers **Jannadi, M O** 383
International Journal of Project Management: a review of the first ten years **Betts, M and Lansley, P** 207
Introduction **Curling, D H** 69
Issues in the development of data flow simulation of construction sites: the pursuit of quality **Scott, J N, Bradley, D N, Adelson, R M, Pengelly, M and Seward, D W** 335
IT projects: a basis for success **Wateridge, J** 169
Lao Tzu's Tao Te Ching and its relevance to project leadership in construction **Low Sui Pheng** 295
Leadership and the project-management body of knowledge **Cleland, D I** 83
Management of multiple simultaneous projects: a state-of-the-art review **Payne, J H** 163
Managing the behavior of people working in teams. Applying the project-management method **Johns, T G** 33
Net-present-value cost/time tradeoff **Sunde, L and Lichtenberg, S** 45
People and Project Management for IT Sue Craig and Hadi Jassin (J Wateridge); Project Management: Engineering, Technology and Implementation Avraham Shtub, Jonathan F Bard and Shlomo Globerson (N J Smith) 407
Planning and learning in major infrastructure development: systems perspectives **Yeo, K T** 287
Policing—give us the tools and we will do the job: 1992/93 Urban Crime Fund Programme Book Reviews 403
Potential influence of trust on the successful completion of a project **Munns, A K** 19
Preliminary comparison of six efforts to document the project-management body of knowledge **Wirth, I and Tryloff, D E** 109
Project definition: the soft-systems approach **Neal, R A** 5
Project management in international teams: instruments for improving cooperation **Schneider, A** 247
Project management structures in Hong Kong industries **Chuah, K B, Rao Tummala, V M and Nkasu, M M** 253
Risk management for overseas construction projects **Zhi, He** 231
Risk-management perspective on the project lifecycle **Ward, S C and Chapman, C B** 145
Simple normal approximation to the completion time distribution for a PERT network **Cox, M A A** 265
Strategy for risk management through problem framing in technology acquisition **K T Yeo** 219
Timeline for Windows Version 6 **Reiss, G** 198
Total project management: the customer-ed organisation **Russell-Hodge, J** 11
Toward a defense extension to the project-management body of knowledge **Ayer, F L and Bahnmaier, W** 125
Training in risk management **Isaac, I** 225
Upgrading skills using the US Project Management Institute body of knowledge **Ono P. M. P., D** 137
Use of sensitivity analysis in build/own/operate/transfer project evaluation **Woodward, D G** 239
Using IDEF and QFD to develop an organizational decision support methodology for the strategic justification of computer-integrated technologies **Sarkis, J and Liles, D H** 177
Vicious circles of parallelism **Williams, T, Eden, C, Ackermann, F and Tait, A** 151

Book Reviews

Collaboration Management: Inter-Cultural Working: New Issues and Priorities **H Shaughnessey (ed)** (D Rees) 195
Environmental Science for Environmental Management **T O'Riordan (ed)** (S Pollock) 195
How to Run Successful Projects **O'Connell** (J Wateridge) 195
Managing Risks and Decisions in Major Projects **J C Chicken** (J H Klein) 271
People and Project Management for IT **Sue Craig and Hadi Jassin** (J Wateridge) 407
